A couple of young Alliance ladies came into the office the other day. They saw a "Please be Brief Sign" and asked for it, of course they got it, you can't turn down the fair sex. Later—we heard that several couples had fallen out over this sign, it seems that the young ladies put the signs up just before "he" came and "just

like a man" they misconstrued the meaning of the sign fled the house and left town.

DRINK HOT TEA FOR A BAD COLD

Get a small package of Hamburg Breast Tea, or as the German folks call it, "Hamburger Brust Thee," at any pharmacy. Take a tablespoonful of the tea, put a cup of boiling water upon it, pour through a sieve and drink it, or before retiring. It is the most effective way to break a cold and cure grip, as it opens the pores of the skin, relieving congestion. Also loosens the bowels, thus driving a cold from the system.

Try it the next time you suffer from a cold or the grip. It is inexpensive and entirely vegetable, therefore safe and harmless.

RUB BACKACHE AND LUMBAGO RIGHT OUT

Rub Pain and Stiffness away with a small bottle of old honest St. Jacobs Oil

When your back is sore and lame or lumbago, sciatica or rheumatism has you stiffened up, don't suffer! Get a 25 cent bottle of old, honest "St. Jacobs Oil" at any drug store, pour a little in your hand and rub it right into the pain or ache, and by the time you count fifty, the soreness and lameness is gone.

Don't stay crippled! This soothing, penetrating oil needs to be used only once. It takes the ache and pain right out of your back and ends the misery. It is magical, yet absolutely harmless and doesn't burn the skin.

Nothing else stops lumbago, sciatica and lame back misery so promptly!

Fables and Parables.
Of the fable as distinguished from the parable there are but two examples in the Bible. The first of these is that of the trees choosing their king (Judges 9:8-15); the second that of the cedar of Lebanon and the thistle (II Kings 14:9).

To Save Leftover Paint.
After housecleaning, if one has partly used cans of paint or varnish left over, which would soon dry up and become useless, try putting them into small cans and cover with melted paraffin. They will keep indefinitely and can be used as needed.
